Photos make you REAL to your student

Students put these photos on their walls for encouragement and hope! Family, individual, or photos with your pets are a great way to connect.

Questions?

Can I email my letter and pictures to you?

YES! We are so happy to get your letters in any form! Email your letter and photos to christy@kenyakeys.org

How do I spell my student's name?

We've got you! Just email Christy; she will send you your student's name!

If I sponsor multiple students, can I write one letter to all of them?

Thank you for supporting multiple students! You can write the exact same thing to each student, but please address them each separately— and *remember photos for each!*
